

Newall Green Primary : Knowledge Organiser
Geography - Invaders and the routes they took
- Spring Term

Focus:
How did each group of invaders get to Britain?

Key facts to retain

- To find and identify the seven continents of the world.
- To find and identify the five oceans of the world.
- To find and identify countries on a map of Europe.
- Identify the mode of transport each group of settlers used to invade Britain.
- To know how the Viking longships were so effective
- Know the reasons why invaders chose to attack and settle in Britain.
- Locate on a map the route taken by each group to invade Britain.
- Know how the Romans, Vikings and Anglo Saxons invaded Britain.

What I already know:

- How to name and locate the world's seven continents and five oceans.
- How to use world maps, atlases and globes.
- Different modes of transport.
- Where the Stone Age, Bronze Age, Iron Age and Romans sit in history.

Supporting experiences:

Romans, Stone age, Iron age, Vikings

Key vocabulary:

Invaders: People who invade and attack other people's land.

Settlers: People who own the land under attack..

Celts: a group of people who belong to a tribe. Celts lived in Britain and Ireland from 750BC to 43AD.

Romans: The Romans were a people founded in mainland Europe within the area now known as Italy. They got much of their wealth by conquering other lands. They invaded Britain in 55BC .

Vikings: People from Scandinavia who first invaded Britain in 793AD.

Anglo Saxons: Groups of people from northern Europe who arrived and settled in Britain from the 5th Century.

Raid: to suddenly attack a place without warning.

Longships: A long narrow warship used by the Vikings to travel around Scandinavia and to other countries including Britain.

Navigate: plan and direct the direction of travel of a ship or boat.
