Under the public sector equality duty, all schools/academies must have due regard to the need to eliminate discrimination, harassment and victimisation and any other conduct prohibited by the Equality Act 2010; to advance equality of opportunity between those who share a relevant protected characteristic and those who do not share it and to foster good relations across all protected characteristics. This means schools/academies must take into account equality considerations when policies are being developed, adopted and implemented. The HR and People team regularly reviews all policies and procedures which are recommended to schools/academies to ensure compliance with education and employment legislation including the Equality Act 2010. Consultation with schools/academies is an important part of this review process. Headteachers, Principals and Governing Bodies are asked to contact the HR and People team via the HROne Helpline if they believe there are any negative equality impacts in their school/academy in relation to the application of this policy/procedure.

Introduction

The governing body of maintained schools have an obligation in line with the School Staffing (England) Regulations 2009 to establish procedures for the regulation of conduct of staff at the school. Academies and Free schools are also expected to establish procedures.

In line with the Education Act 2002, the governing body of Newall Green Primary School have a duty to exercise their function with a view to safeguarding and promoting welfare of children.

This obligation is further outlined within the statutory guidance, 'Keeping Children Safe in Education' (KCSIE Sept 24) (to which all schools must have regard) which stipulates the role that school staff must play in safeguarding pupils. Furthermore, in line with this statutory guidance, schools should have a staff behaviour policy or code of conduct, which should be provided to all staff.

In order to adhere to these obligations and to ensure that safeguarding children is at the focus of our school, this code of conduct has been compiled.

This Code of Conduct applies to employees, supply staff and governors of the school. Throughout this policy the use of the term school includes academies. The term 'staff' is used to apply to all of the individuals listed above. Any reference to the governing body includes governing boards and/or Trustees where appropriate and the term Executive Head includes Principal where appropriate.

This policy must be read in conjunction with the school's safeguarding/child protection policy and e-safety policies, whistle blowing policy and disciplinary policy. These policies can be found on the school website www.newallgreen.manchester.sch.uk

Objective, Scope and Purpose

The code of conduct establishes the clear standards of behaviour that are expected of all school staff, and clearly enables staff to understand what is and is not acceptable.

The purpose of this code of conduct is:-

- to ensure that staff to act as role models within their professional capacity;
- to ensure that staff maintain their own professional reputation;
- maintain the reputation of the school and;
- to ensure that conduct and behaviour of all staff both safeguards and sets the example for pupils and students.

Staff should understand the responsibilities and behaviours that are a fundamental part of their role in school. This code of conduct cannot be exhaustive. In addition to the actions and behaviours identified within this code of conduct, staff should ensure they continuously exercise their professional judgement in work and their personal life and avoid any conduct which may be in contravention with their professional role and responsibilities, and/or the ethos of the school.

In addition to this policy, all staff employed under Teacher's Terms and Conditions of Employment have a statutory obligation to adhere to the 'Teacher's Standards 2012' and in relation to this policy, Part 2 of the Teachers' Standards – Personal and Professional Conduct.

In addition to this policy, it is expected that Teaching Assistants will adhere to the non-statutory 'Professional Standards for Teaching Assistants 2016' and in relation to this policy, Part 1 of the TA standards - Personal and Professional Conduct.

For staff employed as Higher-Level Teaching Assistants, in addition to this policy, they must adhere to the 'Professional Standards for HLTAs 2003' and particularly in relation to this policy, Section 1 of the HLTA standards - Professional Values and Practice.

School staff work within the public sector, delivering public education, and are consequently accountable for the ethical and high-quality delivery of this public service. Therefore, in addition to this policy, staff are expected to adhere to the 7 principles of public life (the Nolan principles 1995), established by the Committee on Standards in Public Life; selflessness, integrity, objectivity, accountability, openness, honesty and leadership.

Staff Behaviours

the Bribery Act, this should be reported in accordance with the school's Whistleblowing procedure.

- Gifts from suppliers or associates of the school are not normally acceptable and must in any event be declared to the Executive Head, with the exception of "one off" token gifts from students or parents such as at the end of the Academic Year. This includes gifts in the form of hospitality and sponsorship.
