**Please could you go through the following statement with parents/carers and request a signature:**

If .....is upset the adult he is working with will give him space and time to calm down. The adult will use the pro-active and reactive strategies to try to prevent triggers that result in difficult to manage behaviour.

However, if at any time ..... is behaving in a way that is unsafe and causes a danger to himself or any other child or adult in the area, then he will be moved to a suitable area to calm using team teach practices and processes.

Staff are trained and hold a licence to use Team teach and the training ensures that a member of staff has support whilst a pupil is being moved to assess the situation and to ensure everyone remains safe.

Parent signature : I have read and understand the team teach statement and agree that team teach may be used with ..... on the rare occasion it would be needed
