

Space and Aliens

Dear Parents and Carers,

Welcome back! We hope you have enjoyed your break.

This is going to be a very busy and fun term. Our topic this half term will be Space and Aliens. We will be finding out lots of facts about Space and finding answers to some of our questions like: What do astronauts do? What do astronauts need to take with them into Space? Who goes in the Space rocket with them? Why do astronauts go into Space? Where in Space do astronauts travel to? Etc. The children will be busy creating space rockets, painting planets and aliens and will get to share lots of exciting stories and poems about Space and Aliens.

We will be inviting all Parents and Carers to help their child to build a model Space rocket or alien and then we will be holding a virtual Space exhibition (further details to follow) for everybody to look at the children's fabulous creations. We hope to have a "Dress up as an alien day" where children can be an alien for a day with spotty faces, funny hairstyles and bright zany clothes just like in our Space and Alien story books. We will let you know if this will need to be virtual and online nearer the time.

To finish the term, we will attempt to have a virtual and online Easter morning

We will let you know nearer the time

Many thanks for your support,
